“ Our deepest sympathy for Mark's loved ones. He truly loved you with all his heart and was so very proud of all of you. Anyone who knew Mark for a minute knew what a kind and caring person he was. He was my work partner, my friend. I called him my right hand man because he was always there offering help and he sat to my right. He also was a wonderful teacher. He had a special knack for sharing his knowledge and his interests. Every year we worked together on a special event to teach middle school kids about fluid power. He really enjoyed working with the kids especially when they had one of those "aha" moments. He was very excited and the year his nephew attended! Mark would light up as much as the kids did. Look in the photos section for some pics from the last seven years. Mark I hope you still have my back. I am missing you.
