“ *DEAR TONY , AND FAMILY i live down the street from where you used to live on eastwood in detroit. I was the little fat kid that live on the other side of the street where the gas light STILL burn brightyou and your family was always very nice to me , and for that i thank you very much. Even though i havent seen "you" in a long time your family is still well and living in my memories . my mom and myself still live on the block.Mom says thats her home and she's not leaving all her memories, and i wont leave her in the "hood"by herself. Shes not doing so good anymore , and i dont expect it to be too long for her. She's still in her house by herself , i live across the street in foremans old house, your house is still standing , but its not the showplace it was when you took pride in it.I hope you and your family has prospered thru the years, you deserve to !Does tony still play his accordian or ride his motorcycle ? well may god be with you at this time of need , and never leave your reach,with love n respect bob*
