“ *Whenever I smell something fresh and clean it reminds me of you, Grandma. There is one scent in particular I can remember from your house, and I will smell it at certain times- it may have been your laundry detergent. You were so good about remembering birthdays and took your time to pick out the very best cards for each individual loved one. I'll never forget how you would stock your cupboards with chocolate chip granola bars before you knew I was coming. I love you, Grandma. Give everyone a big hug from me in heaven. ❤️*

“ I have a lot of great memories of Grandma and her kind heart. She always made us kids feel special during visits to her house or on trips with the family in upper Michigan. She had a contagious laugh and a bright smile. I cherish memories of playing cards or Monopoly with her. She will be missed dearly and never forgotten.

“ Mom you are loved dearly by me as well as all your children.ours was a large family and you did your best to keep things in order. You were a great cook and always knew how to make our birthdays and holidays a celebration with great tasting meals.That I never forget.

You always liked to look your best.I never saw you in Jean's or flip flops. You knew your style and there's lots of pictures of you throughout your life showing this.

You've had a long life and I know it time to rest.You will always be close in my heart.

“ Dearest Mom, when I think of you I will remember your beautiful smile, your laughter, your flaky pie crust, and amazing Christmas celebrations! You always made me feel so special on my birthday, you taught me strength and resilience, faith and hope. Always stylish, always graceful, always a proper lady and you played a mean game of Rummy. Thank you Mom, I love you deeply and I always will. I hope they played bagpipes for you when you entered Heaven, I will see you again; until then...OXOXOX

“ *Thanksgiving and Christmas's were the best at Grandmas, the house was so full of people, good smells and lots of food. Grandma was the best cook, her hamburger cookies were the bomb. Later as I grew up and started my family, Grandma was their to teach me to nurse my son. My interviewed her for a report for school. She told my son, Joseph, how she meant Grandpa, that he was to shy to come talk to her after she got out of work at the candy store. So one day she wrapped up two dates and went over to talk to him, the dates broke the ice. She will be missed.*
