“*Mary meant more to me than anyone else living on this earth. Everyone who has posted a thought about her on this page... well I knew what she really thought about all of you. She was my rock... she was my life... my support... and my soulmate... she confided in me the things she really thought about all of you. She was the most beautiful person this world has ever known, and that is coming from someone who is vastly hated in this game of cat and mouse. She never held back her opinions or beliefs with me, and nor did I. I we spend many years and nights and days bickering back and forth, with her probably making more sense than I ever will in my lifetime, but it was the friendship of commrodery that brought us together. Mary always said god granted her the best wish by never bestowing children upon her... well she got that unwanted child in me, and I gave her hell and I'm not afraid to admitt it because I know deep down she needed me as much as I needed her. She saved me in more ways than a million and I told her that on her death bed. I will owe every breathe I ever take to that women, I have her TOD tattooed on my arm so her legacy will always live on and she will never be forgotten... even if it is in the eyes of an ameaba who turned into a plague. Mary, you may be forgotten to others, but you are a god damn atomic bomb in my life, and every breath I breathe has you along for the ride. You will always be with me step for step because you were the only thing that ever meant a damn to me in my short 22 years of living. And I'm thankful that I got to live over half of my life with you in it... I tried to save you and do everything you needed... we just simply ran out of time.*

“ I worked with Mary for many years at St. Joseph Mercy hospital in the ER. She and Richard were the only people at our wedding in Toledo. Mary was also godmother to our 1st child, Joshua who is 39 years old. We lost track of each other, and last I heard she had moved to Florida. I saw the obit just minutes ago. Our sincere condolences to Richard and her family. Jay and I remember Mary fondly.

“ Our most recent memory of Colleen was when we visited Michigan last August. A large group of Fitzpatricks and assorted family went to dinner, then to Michael's, and played cards well past our bedtimes. Colleen's sharp wit kept us laughing throughout the evening. We drove Steven and Colleen home afterwards. We talked about old times, good times and family. We will cherish these memories forever.

“ Nancy & I really met Mary on our Italy vacation. We laughed and drank and played EUCHRE. Her and Jeanie by accident won the tournament and they were team " PEACOCK " and sent all of us losers feathers. That was when we knew we loved her. We will miss you Mary !!!!

“ I could have never asked for a better sister-in-law than Mary was to me. We hooked up to do some important work/caregiving for family members at extreme times of need. I will always be grateful to her for helping me by being at my home during supervised visitation of my sister and dear nephew. She is the one who showed up at 4:00 a.m. to take my cat and put him to sleep. Mary touched many many lives in her time her on earth. It was my pleasure to be there for her during her life, as she was to me. The world will be colder without her. I loved playing pinochle with her till daylight many many times, one of my favorite activities.

“ My deepest sympathy and love to the family on Mary's passing. We were high school graduates and made up a special group of people from Royal Oak St. Mary's High School, Class of 1963. I was so happy to see her last year for the first time in many years. May she rest in peace as she will always have a special place in our hearts.
