“ *Dear Theresa & Family:*

Please accept my condolences on the loss of your mom Maureen. I certainly know the loss of such a woman who was in your life all these years as my mother passed just last year who was two years younger.

Mother's are really special in having patience and teaching us what we know. They look out for us all during our development years and then let us go to achieve our dreams.

Your mother is blessed and she and your family will be in my prayers.
