“ *Maureen was truly a loving, caring, genuine lady. she was part of our beefcarver family and helped to shape our lives in many ways. she gave a lot to others and always tried to provide everyone with good food getting us to taste her new creations. she did something very sweet for me and gave me a terrific recommendation which likely helped me get the job I have now. I feel indebted to her and write I had a chance to see her and say goodbye. I remember her loving kids and especially her nieces and nephews. she would talk about them at work with pride. I also remember going to the beach too her family's place for the day. she was a tremendous lady and will be greatly missed by many.*

“ *I'm sad to hear of Maureen's passing. I'll always have fond memories of Maureen. I'll never forget the day she started at Allen Park. To my surprise and I'm sure the surprise of others, instead of coming in as a "strict" new manager, she reviewed everybody's records and gave those of that had been there a while an overdue raise. She was funny, caring, and a great manager.*

“ I'm so sad to hear about Maureen's passing. She was such a big part of my life and I know many other people feel the same. For many years she and the people at the beefcarver were my second family. She pushed myself and everyone else to be the best that they could be. Maureen never settled for mediocrity, especially when they could do better. She taught me so many things and I wouldn't be the person I am today if not for her. My thoughts and prayers are with the Kenny family and anyone who was lucky enough to know her. She will truly be missed. God bless.
