“ We can't forget the mentors that influenced our lives in positive ways. The Glorieaux's were a second family to me. My Uncle Morrie was a great mentor and role model. I cannot remember ever having a bad experience with him. I remember his love for baseball, we loved the Tigers and he took the time to play catch with me. I'll always remember his love for animals and his ability to train, love and make a dog's life great for both the dog and the family. I admired him for that. Later, as an adult I remember wishing I had his ability to train my dogs. I believe how an individual relates to and treats animals says a lot about the character of that individual. I never, ever even once remember Uncle Morrie saying anything derogatory about anyone. I think that is quite amazing. Uncle Morrie provided a sound foundation of values and ethics for not only his family but the other youths that crossed his path. We loved him. He will be missed.

“ I lost the best dad in world. He was a good man and always took care of his family. You could always go to him for anything especially advice. In his last days I was able to be at his side and I will never forget those days. I told him I loved him in his very weak voice he said I love you too. I will always think of him everyday for the rest of my life.

“ I lost the best dad in the world. I am glad that I have been able to help take care of him the past few months. I will always remember that when I came in the house and said hi dad he would reply by saying hi gal. I love him and will miss him forever.
