“ *The thing I remember most about Shelli is what a devoted wife and mother (and later grandmother) she was. Ashley and Kyle your mother adored you both and was so proud of you! All our conversations at work were about our children! Her world revolved around you both. You gave her a full life even though she was taken too soon!*

“ *Every memory of the last 33 years of my life has you in it in some way or another. I loved you so much and I will miss you forever. I will always make sure Mikey, Markus and Gabriel will remember you. I know your pain is gone now. Too early for us but on time for you* 💜

“ Shelli was my best friend. We had only known each other for 8 years, but right from the start we Felt like 2 long lost souls. We shared the good times and the bad. One time we both traveled to Grand Rapids Mi to see Joyce Myers. During the first lecture I started to feel bad. Afterwards, Shelli took me to a 24-hour clinic. When we got back to the motel, I was worse. For the next 36 hrs Shelli took care of me. From going and getting food to helping me with my medication. We never did see the rest of the lecture. But that didn't matter because we shared the memory of our trip together. She has been there for my worse and my best. I will TRULY miss you!

RIP, GF

I never met Shelli but from what I read about her and by seeing her picture I can see she is beautiful both inside and put. Carl has been my Words With Friends challenger for 3 years and during that time I saw his love for his wife and family. Please accept my condolences. You will all be in my prayers! ❤️ Rest In Peace beautiful Shelli!
