“ I met Mike back in 1975. We worked together at Cunningham Drugs and also Circus World Toys in the Human Resources department of each company. Mike and I kept in touch over the years. I always enjoyed our conversations and admired him. He was a compassionate human being who was always there when I needed him. God bless Michael.

“ Michael was my beloved companion for 7 years, my rock, best friend, protector . He was into antiques, music sounded just like Sinatra when he sang, gardening and loved animals. He was so full of life. He was very intelligent and loved to talk. His vast knowledge of many things astounded me. He didn't mince words. He was straight forward, truthful & to the point & could read people very well. He was very loving, caring & generous. He will be sorely missed. I loved him very much and ALWAYS will & he will remain in my heart FOREVER.

“ We are deeply saddened by Mike's untimely passing. Our thoughts and prayers are with Mike's family and friends. We have shared many wonderful hours with Mike discussing every topic under the sun. Our friendship began at the Detroit College of Law and has continued ever since. We have been neighbors on Moross Rd. and always enjoyed Mike's appearances at our front door for a visit. We were surprised when he described his recent operation but we were, like him, optimistic about his prognosis. We are again, saddened by the news of his passing. Requiescat in pace. Mike and Barb Kozicki
