“ Mike was a coworker I met during my years at SKI Designing. We were in our 20's when we met and shared a lot of things in common, in particular was our Love for Music and People. We used to go clubbing together and met many people through that experience. We were part of the outside fringe and had a strong understanding of empathy. I saw him riding his bike a few years back riding the Riverwalk, I quickly peddled up to him as I had not seen him in many years. We immediately started our conversation like no time had passed. When I left that day, I said to myself..."Now that is a GOOD SOUL"! It comforts me to know that GOD agrees with me.
