“ *Mickey was such a loving, caring, giving and vibrant lady. David and I shared many good times and sad times with both of them. I got Mickey started on silk flower making and she far exceeded my talents. We spent a lot of time with them especially when we were first married. I remember all the good and fun times we had at their home celebrating so many family events. I will never forget their 25th Anniversary party and their children's weddings and other family weddings - Wally and Mickey always dancing especially the polka and Wally always looking at Mickey with such love and devotion. She will definitely be missed but always present in our hearts and memories. David and Louise*

“ Dear Wally, Patty, Susie, Michael and Family, How can we begin to say how much of our love, sympathy and prayers are with you today and always. Mickey and Wally have been such dear friends in good times and tearful times from the time we met, 48 years ago. We will never forget the early months of 1966 when we went to see the progress of our new home being build on Montroy in Sterling Heights. There were not many homes near ours, but we looked across the street and saw a ranch home with a garaage filled with toys Sonny said we would never have all those toys--ha! ha!. We were so excited and happy to meet the family in that house. That was the beginning of wonderful years of friendship and sharing. We have had a friendship that grows deeper with each day. Our lives were filled with many blessings and some tears along the way, but we were there for each other at all times. There were many scraped and bruised knees and elbows, birthdays, first days of school, holidays, baby setting, parties with each other\'s families, exchanging recipes Polish, Italian, etc., excursions such as amusement parks, Chicago, and so much more. We were blessed to watch our children\'s years in school, receive sacraments, graduate, marry, and begin a family of their own. What wonderful children they all are. We were blessed to have Wally and Mickey as Godparents for our daughter Nicole in 1975. Wally, Mickey, Sonny and I spent many Octobers traveling in and around Gatlinburg, Tennessee. There were years we met Wally\'s brother Jack and Judy in Gatlinburg. This was time filled with fun and laughter. We were there for each other in times of sickness, and when parents and friends passed. Do not know how we would have been able to get through these difficult times without our love and friendship. We were also blessed to be with Wally, Mickey and family for the celebration of their 50th wedding anniversary we were there for their 25th too!. What a beautiful celebration of their lives and we are so happy to have been a part of it. Mickey did not have a sister and neither did I. Mickey always wished she had a sister and so did I. When we met it was as if we were sisters. Mickey and I often talked about this at times when we would reminisce. Mickey is missed so much but she is with us in spirit, memories and love. I can hear her

laughter and feel her love for all of us. Wish we could have been a help during her illness, but Mickey was and always will be in our hearts, prayers, mass intentions and thoughts, as will Wally and all the family. We look forward to many more years of friendship with Wally and all the family. We are always near if you should need us. Our thoughts and prayers are with you today and always. Our deepest sympathy and love, Friends forever, Sonny and Connie xo xo xo xo xo xo

“ *Mickey was always very nice to me. Many times she called me Ralphie just like my mom did. I can remember the times we spent Christmas there and how beautiful she decorated for the holidays. I felt like she was a fourth sister and she always treated me that way. Her wonderful smile and friendly persona will be missed by all the family. May God be with Wally and all the family at this time of loss. We will not be the same without her. God bless, Ralph, Elizabeth and Robbie*

“Mickey was such a beautiful person. We will always remember her and Wally and their great 4th of July picnics. She loved having people over and there were always lots of people there. Everyone was welcome, and Mickey would always make her great mostaccioli. When I was going thru chemo, Wally and Mickey would come over to see me or call every week or two to see how I was doing.
