“ *i'm sorry for all of the Fabick sibs on the lost of Mike. I'll always remember him for his passion for social justice which is a trademark of so many of the Fabicks. I remember him wearing his passion and feelings on his sleeve and caring deeply about issues important to him....and he would let you know it. He also had a sense of humour in his younger years and saw the world through a unique prism. He tried to live his life authentic to his core values which I always admired. His accident robbed us of Mike's vitality too soon. God be with the Fabick family. chris crotty*
