

Dr. Molly Drlik

April 7, 1992 - June 19, 2024

Molly Ann Drlik, MD passed away unexpectedly from natural causes on June 19th, 2024. She passed away doing what she did best, taking care of others, at the Detroit Medical Center (DMC) in Detroit, Michigan.

Molly was born on April 7th, 1992 in Albuquerque, New Mexico to loving new parents Jan and Laura Drlik. After her first year of life, the Drliks relocated to Midland, Michigan where Molly was raised along with her younger sisters, Sara and Olivia. As a young child, Molly always had a big imagination and began dancing and singing as soon as she could walk and talk. She, her sisters, and her cousins loved to play dress-up and perform for family and friends. She developed an aptitude for music and the arts, performing for audiences big and small throughout her childhood. She enjoyed taking dance, singing, and piano lessons and performing in musicals.

The Drliks frequently spent summers vacationing up north by Lake Charlevoix or taking road trips out west to Aspen, Colorado. Molly first learned to ski at age three and found a love for snowboarding in middle school. She even spent several years as an instructor at Nub's Nob in northern Michigan and taught dance to young children in Midland.

At Dow High School, Molly excelled academically in advanced courses, where her passion for science truly came alive in AP Biology. She was also a

member of the marching band and performed in many musicals; some of her favorites included Singin' in the Rain and Beauty and the Beast. After high school, Molly attended her dream school, the University of Michigan, where she studied neuroscience. In addition, Molly was in the Michigan Marching Band (MMB) as the third generation, where she played trombone and was eventually named rank leader. She dressed for every Michigan home game during her undergraduate career. Molly was a "bando" through and through, becoming a pillar in the MMB community. She was a devoted member of the Kappa Kappa Psi music fraternity and played in both the Michigan basketball and hockey bands.

Post undergrad, Molly focused on applying to medical school. It had been her lifelong dream to become a doctor. While applying to medical schools, Molly worked in the gynecological clinic at the University of Michigan and volunteered at a women's shelter. She also worked as an EPIC trainer and later as a certified nursing assistant (CNA) at the Bone Marrow Transplant unit, where she met a nurse who would become her future fiancé, Jordan Gonzalez.

Molly was accepted into the Ross University School of Medicine in 2015. She completed her didactics there, and then performed all of her clinicals stateside. In 2020, she completed a preliminary surgery year at the University of California San Francisco (UCSF). While there, Molly and Jordan loved exploring the natural beauty of California. In 2021, she was accepted into the DMC Anesthesia Residency Program. Molly was overjoyed to return to her beloved home state of Michigan and live closer to her family. She loved the challenges that anesthesia provided and was constantly learning how to be a better practitioner.

On the day of her passing, Molly matched into a Cardiothoracic Anesthesia Fellowship at the University of Maryland which was set to begin in July 2025.

Molly made a profound impact on her fellow doctors at DMC and will be fondly remembered by all she worked with. She was the first to help if anyone needed it, even if it was just bringing joy and optimism with her infectious laugh. She was looking forward to her Cardiac fellowship and getting married in the fall near her parents' home on Duck Lake.

Despite being a busy resident, Molly continued to prioritize traveling often. She loved seeing new places and especially loved snow and snowboarding. Some of her favorite hobbies included hiking, being outside, listening to audiobooks, and spending time with her dog Taco. She enjoyed visiting National Parks around the Country, and loved being on the water at Duck Lake.

Molly is survived by her loving fiancé, Jordan Gonzalez, her parents Jan and Laura Drlik, her sisters Sara and Olivia and their partners, Sam Shabrang and Ola Amokomowo, and many others who considered Molly a big sister. Molly will be missed by many caring family members and friends around the world.

A visitation will be held on Saturday, June 29th, from 10 a.m. until time of service, 11 a.m., at Wm. Sullivan & Son Funeral Home, 705 W. 11 Mile Rd. Royal Oak. To honor Molly, Feel Free to wear Bright Colors if you feel Comfortable.

The funeral service will also be livestreamed, accessible at <https://view.oneroomstreaming.com/index.php?data=MTcxOTI3MDExMzMxNTU4MyZvbmVyb29tLWFkbWluJmNvcHlfbGluaw==>. In lieu of flowers, donations can be made to Forgotten Harvest.

I was one of Molly's preschool teachers at Midland Montessori School. I'm so very sorry to hear of her passing. She was so sweet and lively and very bright. A real joy in the classroom and it sounds like she was a treasure as an adult also. I have no words of comfort but I will pray for peace and comfort for all you who knew and loved Molly.

“ *I was shocked and saddened to hear of the loss of Molly. When I think of Molly, it is from back in those Woodcrest days and I see her beaming smile. I especially remember a time when she was on Henry's Battle of the Books team in 5th grade and we were meeting in the mall food court for the wrap-up party after our elimination loss. We were all a bit sad that we didn't win, but not Molly. I clearly remember her looking at me and announcing SHE was not disappointed. She pointed out how far the team went in the competition and how much fun she had. Her incredibly positive outlook, even at age 10, stuck with me all these years. What a special girl she was. We send our deepest sympathy. Michelle and Brantley Lather*

“ I first met Molly at Dow High when I was a freshman coming into marching band that summer. As one of our senior section leaders, she had to teach us the in's and outs of band camp. Molly was so incredibly warm, friendly, and inviting. She made band so fun and easy to understand and made us all feel included even as freshman. All the trombone players made that first year so fun but I think that friendly and connective energy really came from Molly because once she graduated it wasn't the same. She was kind enough to invite pretty much everyone in band to her graduation party and all I remember is having a blast and the food being delicious! Molly was a really special person and an exceptional teacher and leader to her peers in highschool, and I can only imagine that those qualities got stronger in the time since I knew her. I am so shaken by her loss and feel like the special light Molly brought to this world is now missing. My deepest condolences to her family and friends, and my utmost gratitude to her for so positively impacting my life and my transition into highschool.

“ Jan, Laura, Sarah, Olivia, Jordon and family,

There are no words to express the loss of Molly. My first memory of Molly is when you moved into your home on Walden Woods Ct. Jan and Molly (1 year old) were taking a walk while the movers were getting things settled. Molly had the brightest smile and was excited about life around her. Molly's personality continued to blossom along with her creativity. .

We have soooooo many special memories of Molly throughout the years as our kids grew up together. We treasure those times and will keep her memory alive.

My heart aches for each and every one of you. Hold each other tight, keep her memories alive and move forward in this life just like Molly would have wanted you to.

Love,

Kathy, Erin, Kristin and Chris Little

“ Molly was a fast friend. We worked together in the Harper SICU and she made my time there enjoyable. Her laugh was truly infectious, I so enjoyed joking around with her during our long ICU rounds.

She helped me finish my requirements for graduation by introducing me to staff at other hospitals and encouraging me to go and try new things, for that I am so grateful.

She was kind and generous with her time. She was quick to lend help, she answered my random calls and questions with kindness and grace.

She will be missed so deeply.

“ Drlik family - I am so sorry for your loss. I have such fond memories of babysitting Molly in Midland. I remember how smart she was, even as a young child. I still remember when she explained to me how to pet Mogul "gently" - she was probably only 3 years old at the time, but already so grown-up! My deepest condolences to your family.

“ It was known by all that Molly loved musicals. She introduced me to Wicked and we saw it together at least twice in various locations, singing all the lyrics to all the songs and probably annoying all those other people around us. We always said that our friendship song was Wicked's For Good and used to sing it together. Miss and love you forever, Molly.

*"It well may be
That we may never meet again
In this lifetime
So let me say before we part
So much of me
Is made of what I learned from you
You'll be with me
Like a handprint on my heart
And now whatever way our stories
end, I know you have rewritten mine
By being my friend"*

Mysol - June 22, 2024 at 02:29 AM

AH

I extend my deepest condolences to all of Molly's family and friends. Her sudden passing is truly our loss. She was a blessing and gift to those who had the privilege of working with her. There was never a moment that she did not step up to help. And, she did it always with a smile. The world has lost a beautifully talented, gifted and humble woman, but heaven gained a true Angel. As a Nurse, it has been an honor to have worked with her. I will miss her smile, kindness and warmth. Peace be with you all at this time.
