“*Monty was a great friend to me . I worked next to him for over 10 years at ford's. He was the singer of my band . We texted almost everyday about the band we liked and the ones we didn't. When we first met we did not always get along but as time went by we had the most respect for each other . He would give me anything I needed and never asked for anything in return . We went to concerts together and watched bands at bars. He was like My brother always made me laugh and such a giving person . I will think of you when I'm playing in the band playing your favorite Ozzy song you sang . And I know you are looking down from heaven singing your heart out to me. I love brother RIP.*

“ I would like to express my deepest heartfelt condolences to the entire Versace family. We were just kids when we met and shared so many fun times. Although we didn't see much of each other in our adult lives, I would run into Monty from time to time and it always was fun catching up and laughing about old times! You were a kind and gentle soul, I pray you are at peace and reunited with all your loved ones. Love Julie (Vaughn) Schick ❤️

My Little Brother Monty....I miss you so much already. This whole thing cannot be real. You can't be gone from this life, MY LIFE! I will miss you calling me Lynneeeepoo. Me yelling at you for face timing me while you were driving. Our heated discussions about politics and me trying to convince you not to stress about things that you can't change. You were more than just a baby brother to me. You were a wonderful great Uncle to my Grandbabies. I'm so happy you and Rod stopped by when I was watching Will and Reese. Those kids loved you guys instantly! You were a son when you lived with me, Danny and you were like brothers. Conniving to skip school while you were sleep talking. You both thought I was telepathic when I called you out on it in the morning. I have so many more loving moments of you my brother. I have always loved you with all my heart! I hope you are Walking on Sunshine
