“ A Tribute to Mom... We couldn't begin to count the times she tolerated our moods, consoled our heartbreaks and disappointments, endured our ups and downs, listened to words confused by tears, and just simply understood for no other reason than because she loved us. The years hold precious memories, but most of all they hold growth. In a way, we grew up together...She filled our lives with happiness and sweet feelings that we will carry in our hearts forever.Love you mother, mother in law and grandmother.

“ *Nana was an extraordinary woman who helped to raise my sister and I. She was an incredibly kind person and I considered her to be more than a friend or nanny, but as family. I am so sorry that she is no longer with us, but I know that she has a special spot in heaven and is watching over us all. I love you!* ”
