“ Dear Family; I was so comforted by the beautiful service held in honor of cousin, Nan. What a wonderful family you are. The love in that room was amazing. I had occasion to see Nan many times when she was hospitalized in the course of my work and know that she went through more than anyone should have and handled it all with grace and courage. I came away from the funeral thinking of a life well spent. Surrounded by her loving family and friends...what greater legacy is there? Although I am always proud to be a Braxton, today I was especially so. Love you all; Rosanne

“ Heather & Matt, I'm so very sorry for your loss. I will never forget my teen years and all the great times we had in the blue house you grew up in. I loved cutting your mom's hair and listening to all of her stories that she had to tell, Heather and Matt you have so much of her in you, you are fortunate that you had such a strong mother that supported you in all you did and decisions you made. She welcomed every one of us with open arms and never judged. She will be missed and always remembered. She is now running and jumping and in no pain, and she is not suffering anymore. May god give you all strength to get thru this hard time~ your family is in my thoughts and prayers~ xoxo
