“ Nancy Sawyer û what a wonderful individual she was! She had a rare warmth of personality and beauty of character that left a lasting impression upon all who met her. One did not have to know Ms. Sawyer personally to realize how much she will be missed and mourned in nuclear medicine community for which she did so much. My deepest sympathy to NancyÆs family and friends.

“ Nancy was a great person and leader in the field. She will be sorely missed by everyone she had contact with. She believed in me and gave me the chance to show I could perform up to the high standards that Beaumont requires. It is because of her, and all the others at Beaumont that I have the great foundation for work/life that I have. And for that I am forever grateful. My thoughts and prayers are with her family, and everyone at Beaumont.

“ Dear John, Donna, and Bill, Words cannot express how sorry I am for you and for Nancy's beloved grandchildren. When something happens, so sudden and tragic, the trauma adds so hugely to the grief. Know that each of you are in my thoughts and prayers. Unfortunately, I will not be able to attend the service to pay my respects to a most dear and devoted colleague and friend. Fondly,
