“ We wish we all had a nickle for every piece of chocolate Natalie handed out in her lifetime, we'd all be millionaires ! Everyone who was really close to Natalie and really knew her in the last 10 or 15 years of her life new that she had a deep love for God, and had made many new friendships in her newfound religion. It meant very much to her as her family meant the world to her. Yet she was a dichotomy. A hard life, with many tragedies expressed itself with a sharp tongue at times, but, her genuine and sincery love for home, family and friends expressed itself with warmth, hospitality and genuine wit. She's now sleeping peacefully, waiting for the dawn of a new day, Resurrection Day, when loved ones can share happy times again together, as Jesus promised. See you soon Natalie, Love, Sharon

“ Natalie, May you look down from Heaven and see the laughter and the joy you leave behind. I know we on only spoke a few times. But you did touch my heart. The sound of your voice, the stearness behind it. I knew then you were a women of strength and conviction.....May the Heaven's be so lucky to have you. You leave behind a legacy of Hydo's. A family not so many people would understand, but all different in thier own way. Respectfully, Michael Manriquez Gina's Fiance

“ Dear, Grandma "My Grandma" Short, Fisty.wise,funny,very out spoken. My earliest memory was when I was about 3 and my Mom, Dad and my brother John went to see Grandma and Grandpa for Christmas, I remember the snow and the warmth of my Grandma's home, the smell and the good Serbian cooking in the kitchen, the Christmas tree with the lights "still" Grandma didn't like the lights flasjing. But what wonderful memories they are. We spent more Christmas' together than not and summer vacation's I would spend with them. The times we weren't together my Grandma would bake a ton of goodies and send them for different Hoilday's. My most favorite was her "Angel Wings". Recently when I spoke to her, luckily she told me how to make them. These things I will never forget. Over the past 10yrs or so It was hard to see eachother considering we were 3000 miles away. But, atleast we were able to talk on the phone and write. I know we had a very sprecial relationship, although I am sadden that I had no idea of your condition nor did I know when you past away. I had faith in our relationship that if something went wrong I'd be the first to know. Not only do I feel pain that you are gone now, but most of all I have to live with the pain that I wasn't worthy enough to see you before you past away. I truly love you and I miss you more than words could say. I hope you find peace on the otherside and I will see you again someday....Srbija Srbija You're, Grandaughter Gina TippyToes

“*Natalie was truly a sweet lady. I will miss her smile, her hugs, and too, those great chocolates. Although she was suffering at times she never failed to ask how I or my family were doing. I enjoyed talking with her about her early years, with her husband and sons. She was the first person to tell me what a "city car" was. She seemed to have been a hard worker in her day. I learned alot from her. Some say, there's nothing like a mothers love for her children. You could really seel this in Natalie. She loved her sons and held close to her heart the resurrection hope. The chance were she'll see her husband and as she would say, "My boys" here on earth again.*

“*Grandma Hydo, I am sorry that we weren't able to see each other more often. You would have loved your great grandsons and they would have loved you. I will always remember us singing you Happy Birthday in our condo in California and you enjoying the chocolate cake I made for you. You were a great cook, funny, and a great card player. I enjoyed our visit to your home and only wish that we would have had a chance to know each other better. I will always remember our phone chats when i was pregnant and you would ask me if I could feel the baby. The best piece of advice I have ever received came from you, when John and I were visiting you told me, "Two horsed can pull the cart better than one." I try to use that in my marriage daily and practice having a giving heart. I am glad our letters and photos brought you joy. I just wish you could have had more joy in your heart to get your through all of your pain. We love you grandma - Love, Gretchen Hydo, granddaughter-in-law*

“ I was Natalie's neighbor across the street on Brougham for 30 years. I knew her husband and met her sons. I worked full time after my husband died and didn't see Natalie as much as I would have liked to but I thought about her alot. She was a dear neighbor and friend. Always wanting to sit and chat. I will truly miss her. Betty

“ I got to know Natalie in the last couple months of her life while I sat chatting with her a few days a week. In that time we shared likes, dislikes, joys and sorrows and our love of bible truths. We became true friends. I miss her and greatly look forward to spending time with her in the paradise earth where her health, humor and zest for life will be new again. Karen

“ Natalie and I have been friends for many years. We are from the same country and share many things in common. At times we attempted to talk to each other in Serbian and had a good laugh. When her health started to fail in May of last year, she invited me to move into her home so she wouldn't be alone at night. We spent many hours together discussing her past, her family, and mostly her faith. She really missed being able to do the things she did so well like gardening and cooking. I'm glad that she is now at peace and soon will be back in the resurrection and able to run circles around the rest of us because of her spunky nature. We promised each other that we would dance Kolo traditional Serbian dance together in the paradise. My condolences to the family.

“ I only knew you as "Mrs. Hydo" when I was 14 years old. Your dear son Mike was my first boyfriend. I fondly remember the meals you cooked from your family heritage. Home made noodles in your chicken soup. I was shocked to see Mike had also died & thought how painful your life must of been loosing your husband & both sons. At least now you are with them.

“ Natalie has been a dear friend of mine for some time. We got the chance to do many things together....sometimes they brought us laughs and other times they brought us tears...but one thing we knew is that we accepted each other for who we were, not what we could make one another and because of this our love grew for each other. I met Natalie through our faith, which I am so grateful for. We spoke many times of our hope for the future, which brighten her days especially when she was so limited. I look so forward to seeing her resurrected back here on earth under Paradise conditions, to where she can do those things she loved so much!

“ Natalie and I got to know one another by a mutual friend, that being our God Jehovah. Some of the things I loved about Natalie was how she would enter into the Kingdom Hall despite not feeling well, and she would always greet you with a hug and kiss! and always be interested in how you were doing. We enjoyed the times at her home where she was very hospitable, always ready to hand out her home made chocolate, her wine! or kajafa!!!! Always making sure to send us home with a bottle! Remember?...so many good memories, to many to recount on paper. I look forward to seeing her in that new system of things, where she will be in perfect health, enjoying those Kingdom blessings through the ransom of Jesus shed blood!

“ I only spoke to Natalie once by phone while I was staying at Joy's house. She was lively and energetic and we had a lovely chat! She truly felt part of Jehovah's family and organization and was grateful to have learned Bible truth. She had a strong faith and we will see her in the ressurection in good health no doubt!

“ Natalie was a very sweet person and was always excited to see her friends which made them feel good every time. She was very funny, energetic, and fun. I enjoyed the times we had dinner together with friends. I remember playing at her house when I was 8, once a week, and she was very happy and generous with candy. She will be missed. I look forward to seeing her again when she is brought back to life and can enjoy youthful happiness once again.

“ I will fondly remember our frequent breakfasts at Pancake Pantry. Natalie really enjoyed good food and good cooking. I wish that I would have had one more chance to thank her for all the times that she sent her homemade candy home with Joy , especially the peanut butter cups. Natalie made lemon meringue pie that was as good as my moms', and she would send me a piece, probably every time she made it. These things are priceless and irreplaceable.

“ Dear Natalie, I just wanted you to know that I'll really miss you. I valued our friendship and the wisdom of your years. I especially enjoyed our long and meaningful chats together. Even though you had lots of friends, I know you really missed your family, it just wasn't the same without them, This is why I'm grateful to God that you have been reunited and that you are truly happy again. Until I see you again All my Love, Laura

“ Sweet Aunt Natalie: How sad that you died without letting your family know throught your church friends, that you had passed away. You always thought that no one cared about you....How wrong you were. We care and pray for your eternal happiness....It seems that on earth you never really found peace, contentment and joy. Yet, all the things, family and friends you had tried to please you, but somehow it was never enough. I hope you find the peace in heaven.....you missed out on in life. Love and God's blessings. Nephew, Nick

“ Natalie has been a close friend of mine for the past seventeen years. I met her just after her husband John passed away, while she was grieving deeply. I did my best to comfort her by sharing some things from the Bible that had comforted me. She was impressed with the truths she learned from the Bible, so she dedicated her life to God. She did her best to share her faith with others who needed comfort. She loved talking about the Bible and God's promise for a beautiful life on a paradise earth. She also loved to cook, garden and shop. Natalie was a faithful and dear person who I look forward to seeing in the resurrection. Until then she will be greatly missed.
