“ I had the joy of getting to meet Nena several years ago when I sold her Dearborn home. The City does an inspection and when hers was done she was confident she could do the work herself. I was so impressed by her "can do" attitude I offered to help. She mixed the mortar for around the chimney flu in the basement and her work passed. I did the front lock and she had to have a handiman out to fix my job. She showed me up, lol. I am glad to have had the chance to know her. I still try to do things now that I used to let others do for me. Thank you Nena.
