“ I used to live next to Nikki Melissa Eric and their mom on Florian street. My mom and dad read about her passing and my brother and I were so sorry to hear this. No one should pass so young. I will tell you to this day I can not hear Joan Jett's "I love rock and roll" without thinking of her as I remember her playing it over and over and over one day! All these years and I can't forget that and I always smile. My condolences to the entire family.
