“ *Dear Aunt Loretta and Cousins: My thoughts are with you today as you pay tribute to the wonderful man I know as Uncle Norb. I have many special memories of him. Some include when we were very young and he would come downstairs to check on us when our parents were gone or the time he helped me clean up after the big pot of baked beans I was bringing to your party turned over in my trunk. He was truly a kind and gentle person who will be missed by many. Love, Elaine*

Elaine Powierski - March 25, 2015 at 12:00 AM

“ *Norbert and Loretta in my mind were a team. They were the faithful couple who would always be supportive and encouraging me in my work and have been even to this present day. I have kept you both in my prayers as I have followed your journey to Calvary. I rejoice that Norbert, like me, now shares in the new life God promises to all his faithful servants. I have celebrated my mass for Norbert and you this morning and will always keep you in my intentions. God bless you and you family.*
