“ *My dearest Grandma, I visited you and Grandma the other day. It is still so hard for me to accept that you are both gone. I am better though since you guys visit me sometimes. I smelled Grandma's perfume out of the blue the other day, a smell I used to love so much. I knew you guys have been watching over me. Little things like that help me to cope. It's comforting. I love you guys so much, rest peacefully. Sempre nel mio cuore, Bailey*

“ *Dear Palma, I know you are in Heaven with little grandma dancing to the tic toc polka the way I used to watch you at the weddings and parties. I miss you both but knowing I will see you again someday makes the heartache bearable. I wanted to say thank you for knowing a fine woman with a head for business and a hand of hospitality and a heart for family. I would like to say to Frank, Jerry and Linda that I am very sorry for your loss for I am a better person for knowing your Mom she was and is a rare and fine person. To Frank Andrew , Palma will be Sorely missed. Most Sincerely Susan*
