“ *Not a day goes by that I don't think about Pat, and miss her humor and take on life in general. She always made me laugh and was one of a handful of people we knew we could count on for anything. The world is a better place because of her and she is truly, truly missed. Rest in peace, and I hope the Vickers family finds comfort over time.*

“ Pat was a true friend and co worker. I have known Pat for many years beginning with her daily stops before 7am to Database to drop off problems. We worked together for the past couple of years and I respected all of her knowledge. I treasure the last visit I had with Pat and am comforted by the fact that she is no longer in pain. I just wish I could have one more HUG. Pat is in a better place and we all miss the things you used to say. Bill, remember that LOVE lives on forever.

“ To the Vickers Family. I too was a co-worker of Pat's for many, many years. She was a wonderful woman; a dedicated employee and one very fun person to have as a team mate. Our lives here at BCBSM are left with a void at her passing. With love, Cindy Veale

“ Pat and I began our careers as business analysts in Professional Systems on May 1, 1990. From that very first day she inspired me. Pat was the most dedicated employee and coworker anyone could ask for. She was a loyal friend and team mate. I miss her very much and know she is in a better place. We have lost a wonderful friend. God Bless You All

“ Patricia was an amazing woman and a wonderful sister-in-law who left us way too early. I always knew that if my family needed anything, she would be the first in line wanting to know what she could do to help. She loved her family. Spending time with her husband, children and grandchildren brought her great joy. Her sense of humor, her strength and her giving soul will be greatly missed. We know that she is now at peace and we are all better people for having known her. The world lost an amazing person and the heavens gained a bright new star. Our love to Bill, Steve, Chrissy, Kelly, Racheal, Brandon and Jake--she truly lives on through all of you.
