“ You had such a good heart behind how hard you acted, you were always so upbeat and you are seriously one of the funniest people I've met in my life. I actually looked forward to seeing you. You made such a great impact on me and so many people. The world's better for having had you in it. The last time I saw you you looked so frail and it makes me happy to think about you in Heaven healthy and pain free.

“ ~ I miss you so much honey. I will love you forever ~ A beautiful memory of you comes to mind...sometimes if I were upset over something you would take your fingertips and rub them across my forehead...and say shhh, everything will be alright. It was sooo comforting to me. Thank you for that memory and so, so , many more. You can make alot of memories in 25 yrs. of knowing someone, and loving someone. Rememeber save me a seat by you.
