“ I know it has been nearly seven years that you have been gone, Mr. Monahan.

You were more than just a mentor to me at GP. You became a very good friend.

I remember when you took my up north with you to give me something to take my mind off of my problems at home. You kept me going during some of the darkest hours of my life.

Well, today, I came across a long-forgotten email from you back when I was helping you with PFM Technologies. You never forgot that I was the one that gave you the name for your LLC. You always made sure that I had something to do that you felt I was the only one to help you. I always felt valued when I was around you.

You never had a closed door at your home to anyone. There was always someone coming or going when I was there.

I miss you greatly, my friend.

Your buddy,

Lou

“ God Bless the Monahan Family during your time of loss, Pat was just a wonderful all around guy. Pat was my leader and the lead Coordinator during my time with the Quality Network Group since 1992. I felt some what out of place at first, but it didn't matter to Pat he managed to give me direction with respect and always stood up for me. He appreciated everyone, and could relate to everyone. He had a great sense of humor and would sometimes go out on a limb to help others or make a promise that few others could ever fill, but he always managed to come through. I have only good memories that have affected my life with my 14 years I spent with around Pat. I can only say to the family Pat will be truly missed. His legacy lives on through the people he effected.

“ Our prayers of comfort and strength go out to you. Pat was such an integral part of the work effort that went into the QNPM Maintenance group success. He always had a good work to say and was always encouraging and helpful to the team. His contributions help me to become part of a team that went places and did things I never could have imagined. All good! He will be missed!

“ Rebecca and Tammy, I am so sorry for your loss. I had the distinct pleasure of working with and knowing Pat since 1992, as part of the QN Planned Maintenance Joint Team. He will always be known as a friend and one who got things done when no one else could. He always put an optimistic and positive spin on everything; and with a smile. Pat made any critical task look so easy to accomplish. He was the UAW adjutant special assigned General of getting stuff done. When the UAW and salary needed a tall order done legally fast, under budget and efficiently, Pat was the man to do it. We will miss you my friend.

“ To the family of Patrick Monahan: Please accept my sincere sympathy for the loss of your loved one. While we don't know one another, experiencing the devastation of losing a loved one is something we all face in our lives. The Bible promises a time when "death will be no more" (Rev 21:3.4) and assures us that God hears our prayers (Ps 55:22). I hope this brings you some peace during this difficult time.

“ I am both shocked and saddened to hear of Pat's passing. My heart goes out to both Tammy and Becky for your loss. Always remember, however, our time is in the Lord's hands..... Lots of memories with Pat in the 23 years that we have known each other, both at work and at "play". Lots of laughs and "stratergeries" as we would say, mostly with the Planned Maintenance Group. Unlike me, Pat always looked at the bright side of every situation (much like an alter ego). Pat was a true friend and partner.....

“ One of our biggest jokes was always "Mom loves me more" "uh hu, shes loves me more" and then it would just go on and on from there. He also would call me and say "whacha call for?" I didn't call u u called me. Well whadaya want? Nothing just say I Love U! We had so much love in our family!
