“ I knew Paul thru a couple different railroad forums the last few years, I knew him by his handles “IMHauler” and “OilValleyRailway” we chatted about many things and bounced ideas back and forth about different modeling techniques and projects, I enjoyed this and will miss him greatly, Deepest condolences to his family and loved ones

“ Deepest condolences to all family and friends. I got to know Paul thru model railroading forums. He shared progress and techniques and bounced ideas back and forth. His creativity and pursuit of producing such detail in his models was awesome.

Past modeling we chatted on other topics and found common views and feelings. I'm saddened that I was unable to meet up in person but will remember him fondly.

“ My name is, Michael Dabrowski and I am the next door neighbor of Betty and Stan. I met Paul several times over the years while attending train shows with Stan. Paul would meet us at the shows and afterwards we would usually stop somewhere to eat. Although, Paul and I never discussed personal matters I found him to be interesting and intelligent. Surprisingly, I never saw or spoke to him when he visited Betty and Stan, however, I would sometimes see his vehicle parked in the driveway. I believe he sometimes "house sat" for them when they were away. Stan always spoke highly of him and I could tell that he was a fine person. I will miss his company at train shows.
