“ *Phil, this may be the hardest thing I've ever had to write. How do I condense 20 years of memories into a paragraph? You weren't just my brothers friend, you were a brother to me. I cant remember a birthday, holiday or family gathering, that you werent at. Looking at all of my moms pictures, brought back some wonderful memeories that i will always love and cherish. You have a heart of gold, a smile that could melt ice and a larger than life personality. Im sad that the last picture we took was at my brothers wedding 4 Years ago, i was looking forward to having that same picture in August for my own wedding. I know that you will be there is spirit, and you will forever be in my heart and always on my mind.*

“ *Phil, you have occupied every inch our hearts and souls. You have been a part of our daily lives, ever since you were a little boy. Now, no more pain and struggles. You can now sit on your grandmother's cloud with her in heaven. You can finally give her a big hug again. You can bake cookies together like you did before. You can both go to church and enjoy each others laughs. God will protect you and look over you both. You now can have peace and contentment. Down the road, we will all meet again, and until that day, watch over us and be our angel. You will be missed but never forgotten. Love The Goldins family.*
