“ Margaret and family, I just want to thank you for the privilege of caring for Ralph , though it started as a job I was blessed beyond words for the joy I received in all the long conversations Ralph and I had. He became a part of my life that I will greatly miss. How fortunate for all of you to have had him for so long. Our time was short but very full, he had wonderful stories of so long ago, always talked about his kids and grandkids and most importantly always told me how "lucky he was to have Margaret and what a women she was". I can agree with that, I hope to have that energy at 50! I want to thank Carolyn for the call to let me know I had a last chance to visit Ralph, even though he was not talking as he does ,I never stopped talking the hospice nurse laughed and said I was nuts. Any how I told Ralph as Carolyn mentioned to let him know it's ok to go... I actually told him that,. but I apologize... I told him to either let go by midnight or hang on another day, because the 26th was my birthday and I would be sad to have him go on my birthday. I asked him to hang on an extra day only if he was comfortable. Then I asked him to squeeze my hand if he new I was with him and he squeezed so hard I had to ask him to let up. And so as you know Ralph died just after the 26th, the morning of the 27th. Maybe it was a coincidence but I would like to think he new I was there because I had the chance in that night to let him know how lucky I was to be in his life. And to thank him for being so special in my life, so Thank you Carolyn for that call. God Bless all of you, as you have memories that you will cherish forever and I will hope to continue in a relationship with the family as I have become very fond of all of you. Love, Sandy
