

## Regina S. Miller

September 20, 1951 - March 15, 2023

Regina S. Miller, 71, of Royal Oak, Michigan, passed away on Wednesday, March 15, 2023, after bravely battling a multitude of illnesses. She was surrounded by her loved ones.

The daughter of Hubert and Hildegard Reimer, Regina was born in Velbert, Germany, on September 20, 1951. At the age of 5, she crossed the ocean with her family to start a new life in Ontario, Canada. On March 9, 1973, she married the love of her life, Gerald "Doug" Miller, in the United States in Hazel Park, Michigan.

Reggie was a loving daughter, wife, mother, grandmother, aunt, and friend. She was fond of crocheting, knitting, gardening, lighthouses, and the open road. Growing up on a farm, naturally Reggie was an animal lover; friends and family called her the dog whisperer. Most of all, she loved to dance.

During her work years at Royal Oak Beaumont Hospital, Reggie worked as a medical secretary in the Children's Center, where she enjoyed her job of helping families until she retired in 2018.

She is survived by her loving husband of 50 years, Gerald "Doug" Miller, of Royal Oak, Michigan; children Nathan (Marie) Miller, of Royal Oak, Michigan and Holly Miller, of Saint Clair Shores, Michigan; as well as her grandchildren, Nina and Weston.

Reggie was preceded in death by her parents, Hubert and Hildegard. Honoring her wishes, cremation has taken place, and there are no services planned at this time. A celebration of life will be held in the coming months. The family invites you to share a memory at [sullivanfuneraldirectors.com](http://sullivanfuneraldirectors.com)

“ I grew up across from Reggie till I was 20 and moved out. Her face, smile, voice and presence in our Florence Ave home will always be easy to find see in memories. She and mom were very close and I'm sure they are buddies in the other side. I'll never forget Reggie. I'm so sorry for your loss. Love you all. Kelly

“ This is just one of many memories I have of Regina. Many years ago when I lived behind Beaumont Regina would come and park at my house and then we would walk to work and back but this one time I was not working and she did so again she parked at my house walked to work and came back. But for her surprise I had made a really nice pork roast potatoes and carrots she said she wasn't hungry. So we begin to talk and nibbling on the dinner before we knew it we had eaten the whole thing we couldn't believe it we just laughed. Good times.
