“ I wonder if anyone looks back on the memories on this page...my father was Earl Woodrow Carson and he was Mamie Carson Kitchen's brother. Reva would be his niece. So sad to lose contact with family.

“ My mother was always my greatest supporter and encouraged me in everything I tried. She was always cheerful and everyone around her felt happy. She loved being with family more than anything. She kept in touch with all the children on every holiday. Life will never be the same without her in my corner.
