“ So sorry to hear of your loss. I knew Dick from work at Detroit Edison many years ago now. He was always kind and helpful. Once when I had my wallet stolen, he shared ways in which I might look to find it. God bless you and yours.

“ Richard and I worked together at Detroit Edison for many years. I first met him when he worked in the Collection Department. Later while working in Corporate Security, we became very close as we learned that our work ethics and job skills mirrored one another. I could start a sentence and he could finish it with my exact words, thoughts or vice versa. It was my pleasure to work with him on many challenging cases and to become good friends in the process. He was always there to do whatever was needed to get the job done. Richard made Southeastern Michigan a better place to live and work.

Your friend,

“ Sending our condolences. He was a very good man. We shared the love of genealogy. I remember my Mom telling me that I learned to walk at Dick and Gladys's house. Fond memories of family visits. Sending hugs to the family.
