“Dad, your kindness and smile will live in our hearts for our lifetimes. You were a great man and we have lots of memories of good conversations and laughter. You touched many lives and will be missed by all. You will always be in our hearts and prayers forever. We do not remember the days, we remember the moments.

“i'm soo grateful for all the experiences that you have gave me! You were always a real trooper and for that quality, i admire you most. I understand that at this point of your life, you were willing, ready, and able to move foward. I understand that you were in pain, and i know that you didn't miss a beat today at the house. You were there! i know you tried your hardest to hold on until christmas, and you did just that! I regret not being around as much as i should have during the duration of your stay in the hospital. Unfortunatly I got soo self absorbed into my own minor issues that i forgot the most important thing about the holidays, which is family. I was soo upset at myself that i never truly got to say goodbye, but i know now that it was all for a reason...I will always remember your hearty chuckle added with your wonderfully wide smile and sparkling blue eyes...i can almost feel you here with me! i just want you to know that i love you and i will truly miss your presence, but i know that you will always be here with me just like you always have been...you'll be there at every choir concert, birthday party, holiday, and i know i will be meeting you once again at my graduation. I love you with all my heart, grandpa and i always will! love, stephanie
