“ I had the honor and privilege of knowing Duz and playing golf with him for over twenty years as a member of the Dusman Group. We met for breakfast once per week before golf, enjoyed each others company on the golf course, and then in the clubhouse afterwards. He was a talented athlete and he was the ultimate gentleman. He always had interest in how things worked, in current events, and in how the Tigers and Red Wings had performed the previous day. He loved and was proud of his family and shared their successes with the guys at breakfast. He will be greatly missed. Our deepest sympathy to his family.

“ I knew Richard, the Eagle, for 66 years. We started together at GM in 1953, he as a drafting apprentice and me in the mailroom. Together we played baseball, bowled, tennis, volleyball, skied and golfed (at golf he beat me 90% of time). Some of my fondest memories are playing at Indianwood and Crystal Mountain with the Eagle. We shared many a laugh and many beers. He is now with his beloved Peggy and playing golf with his good friends Bob Leigh, Jim Gallagher and Dick Maderia on the world's greatest golf course.

“ I remember Dick as a very good draftsman who designed many of the experimental setups we used in the ol' Nuclear Power Engineering Department and the Physics Department I ran in the 1970s-80s. Also played golf with Dick one time and obvious he really loved the game. God Bless Dick and his family.
