“ Richard, thank you for your service to duty, honor and country, and being upholding to that oath throughout your life. You made Mikki happy, which is the greatest thing one can ask in life, as well as those you knew you or knew of you. May you rest now in the communion of saints, and may God comfort the family and all the bereaved ones who knew you or knew of you. We'll be united together again when it comes our time.

“ I had the privilege of knowing and working with Rick at GM for many years. Rick and I worked together on many electrical system projects for new and existing GM plants. Although we produced 2D engineering drawings, Rick could visualize the project in 3D and could always whip up a sketch to help solve real world interference problems that occurred between various utilities.

Rick had many talents and always offered solutions for any home repair project you had. If you had trouble finding a part he would invariably refer you to his favorite hangout, Frenz hardware in "Oak Royale".

Rick had an artistic flair and was an accomplished scrimshaw engraver. He produced a beautiful piece for me, which I was able to incorporate in a special gift for my wife.

Rick was proud of his family and always spoke highly of his children Scott and Kelly.

Rick was well liked, easily made friends, and was always willing to lend a helping hand.

Rick will be missed by many.

My condolences to Mikki, Scott, Kelly, and family
