“ I going to miss how happy Grandpa was when he and Grandma would come to pick up Garrett so that he could go stay with them for a night or two. Grandpa would always say that little shit, but you could see in his eyes how happy it made him and how much he enjoyed spending time with his great grandson. I will miss these days and i know Garrett will remember his great grandpa and the times he spent with him.

DC

“ Our thoughts and prayers are with you all. I wish we all were like Uncle Dick I never heard him complain about anything even my cooking. Everyone said Uncle Dick doesn't say much but I can tell you that is not true. During the fishing visits I would have to get up before the guys went out fishing to get ready for work Uncle Dick would be sitting at the island waiting for the coffee to finish brewing. I would pour him a cup and myself a cup and we would talk until the others got up. We sure are going to miss Uncle Dick but the memories will last forever.

“ Dear Family & Friends, We just wanted to share with you all a letter that our mom received from the Gift of Life Michigan. Our dad had always said that if there was anything they could use he wanted to make a donation and we are grateful that he was able to donate to a cause he felt strongly about. October 25, 2007 Dear Mrs. Young; On behalf of the staff of St. John River District Hospital and Gift of Life Michigan, may we express our deepest sympathy to you and your family for the loss of your husband, Richard. We would also like to express our gratitude to you for your willingness to assist the needs of desperately ill people whom you have never met. We admire your ability to express your love for Richard by allowing his death to give the "Gift of Life" to others. For you and your family to think of the needs of others while losing your loved one shows true compassion for your fellow human beings. We assure you that this most unselfish gift will never be forgotten by the patients and their families that have benefited from your generosity. Richard's "Gift of Life" contributed bone which was recovered for transplant. The bone will be used in the treatment of deformities of the spine in children and in patients suffering from orthopedic injuries and disease. Your request of cornea donation was given to the Michigan Eye-Bank, where the needs of the blind and near blind are fulfilled daily. We would again like to express our sympathy and gratitude on behalf of the many recipients and their families who benefited from your generosity. We hope that you and your family will gain comfort in knowing that you have given the "Gift of Life". Sincerely, The Gift of Life of Michigan

“ As a kid I always looked forward to a vist with Dick. I always looked up to him and still do to this day. He taught me patience and perseverance thorough our sports and they prevade in everything I do. I thank him for this and everytime I take my boat out fishing I toast to our good times.

“ i will miss Dick because I had an uncanny ability to interrupt at the right time, never heard the end of that, and of course keeping Hattie on the phone so he would have to click in to tell her her shows where on or it was a meal time

“ my best memory of Uncle Dick he was the first person to take me fishing, but Aunt Harriet put a wammey on it ,she had a load of mulch delivered and it was dumpted in front of the boat, we had to spread mulch before we left and we did, now I think back Uncle Dick was smart he didn't have to do it. i always felt Kevin was the luckest kid because he had such a great Dad.
