“ *Tschüß Richard,
thanks for all the your support around GM, VR including T-Rex & Bob run, I
will forever remember our yearly jokes around the "huge" 4 weeks difference in
age. You sadly missed the 55 you 66-guy.
With the family we remembered today our dinner with Spargelauf (asparagus
casserole) when you was here in Rüsselsheim.*

“ I am so sad. My condolences to all his family and friends.

Rich and I worked side-by-side in our lab at GM Research for years. He was innovative, and brought a rare mixture of technical knowledge and artistic sense, which made him invaluable to our visualization work for GM Design Center. We also had a lot of fun. He made an animated 3D T-Rex for our giant projection screen, and became an avatar in our virtual reality display.

We had great times traveling to Germany and Switzerland--where on a day off from business we cruised Lake Zurich, and I got him to yodel.

Ever the professional, I don't remember a time when he was annoyed or upset; rather he was always uplifting.

More than a brilliant colleague, he was a friend. I am sure that everyone that knew him feels the same way.

“ I am proud and privileged to have known Rich as a friend and work colleague for over 30 years. He had a rare combination of intelligence, creativity, compassion and professionalism that made him a special person.

I fondly remember Rich and his brother Ronnie coming over to our new home and generously volunteering to paint the ceiling of my young son's bedroom with clouds, which he enjoyed for many years.

I will greatly miss Rich and our thoughts and prayers are with his family.

A donation to Grace Centers of Hope was made in Rich's honor.

“ Dear Richard,
I cannot express how much I and the rest of the family will miss you. You were taken far too early from us. You were a rock and a voice of reason - never overreacting to anything negative. You were a solid, calming influence on the rest of us. You always had a shoulder to lean on and an ear to listen. You were a problem-solver and peace-maker. I specifically enjoyed our spirited discussions on the economy, the auto industry, and politics. You were extremely creative and very observant, putting other people's needs ahead of your own. I will sorely miss you but am comforted to know that you will be there to greet me when my time has expired.

I love you, your brother Christopher.

“ Rich was not only my Supervisor at MV, but a truly compassionate and caring friend. Being the Lead of the Consulting and Solutions Team, he had all the answers — technical and precise. I admired his thoroughness and ability to plan for the future, to find every efficiency possible, and to create positive change. Rich would offer support without asking, and he helped me grow tremendously in my professional career. Rich was also a support for me personally, and he genuinely cared for those around him. I would send him “baby updates” when on maternity leave because he loved babies so much! We also shared a common love for cats and would exchange our crazy cat stories.
You will be missed, Rich. I appreciate all of the support you’ve given me throughout the years — thank you. I pray for comfort and peace for those that were close to him.

“ *When I needed help the most, Rich was there. I didn't even have to ask. He always supported me in everything we did together during our time at MV. He made me feel like an integral part of the team, even when I felt I helpless and unable to lend a hand.*

He was one of the smartest guys I knew, but never made me feel inferior. Instead, he would constantly reassure me and build me up, helping me become the more confident person that I am today. Professionally and personally.

Rich was so much more than just a coworker. He was a great friend who I will miss dearly. I am lucky to have had the honor of working with him, he was truly one of a kind.

My sincere condolences to all that were close with him. We lost a great one too soon.

“ *My condolences to Rich's loved ones during this difficult time. I worked with Rich at MV and was continually impressed by his ability to maintain a sunny disposition... even when things got hectic and stressful. Rich was the kind of guy you could feel comfortable debating with, because in the end you knew you were still going to walk away friends. Truly one of the good ones... we'll miss you Rich.*

“ *Rich brought a sly matter-of-fact attitude to a typically crazy world at MV. He always remembered to let his joy shine through even while we frustrated him with our nonsense. He was a great compatriot and will remain a cherished memory for those that had the good fortune to work with him.*

Our love and condolences to those closest he left behind. Thank you for sharing him with the world.

“ Dear Richard, i don't need to write here what a great person you are; everybody who has been in contact with you has already realized this themselves. You have been a great mentor for me (and sure for many others) and even in our short time together, you actually gave all your skills and heart to support us despite the long distance during which our professional and personal lives have met.
Your lessons will not be forgotten and i will keep memories of your way of thinking as much as i can. Rest in peace my friend.
Ciao ciao, Vincenzo
