“ Our deepest sympathy to the family in the passing of Richard. I used to live down the street from him in the mobile home community, and remember him very well. I too, lost my husband while I was living there, and know how difficult it is. If I would have known sooner, I would have gladly driven to the funeral home to pay my respects. Please contact me if you feel the need to talk. I'm in the phone book, and live in Burtchville now. Blessings from The Hewitt Family

“ My dearest father, I'll always miss your warm smile and your great sense of humor. you are my dad my mentor and my best friend. I'll never forget the times we laughed and the times we did not see eye to eye, you taught me everything I know about roofing and how to be professional at it. Thank you for that. I know you can breath easy now and you gave it your all and then some and I thank you for that, giving me the extra time we shared was priceless. I could go on and on but you know your in my heart and in my dreams and until we meet again. I Love You! your son, Barney

“ I will miss Richard deeply. I love him very much. For many months now, he has been in the back of my mind....memories of the past keep playing in my mind, especially when I was younger. He will always be very special to me, always my birth dad and my girls "Grampa Richard". I wish we would have had more time together. Love always to Richard.
