“ Mom, I just wanted you to know that I miss you. I miss you more than you'll ever know. There is a pain that I get in my heart. I think that it is an empty spot, one that only you can fill. I miss our Thursdays and I miss your sweet smiling face. No one person could ever fill the void that you left behind. I think about you every minute of every day. I know that you know it's true. After eight months, I miss you more. You are still my Rock and my Tootsie. I am still loving you and wishing you were here. The world is not the same without you. My life has changed and I know that you are smiling. I wish I could call you up and tell you about it, but you already know. You are always in my thoughts and in my words. I love you. DeAnna

“ Mom, I think back to all the memories and good times that we've shared together and I'm trying to think of my favorite. They are all my favorites. The time that we spent together I will keep in my heart with me for the rest of my life. You are my teacher, my advisor, my best friend and my mom. I was always proud to introduce you to everybody I knew "This is my mom, Rita." When I was little I didn't look a whole like you but I always wanted to be just like you. Over the years, with your inspiration, you have helped me to learn what being a women is all about. The strenght, the courage and the wisdom. I am one of the fortunate few that will always have special memories and hilarious stories that I can share with everybody. Your charming spirit will be shared with your grandchildren and thier children after them. You are my Rock Tootsie. I will love you and miss you forever. Love Always, Dee

“ *Aunty Rita, thanks for all the great childhood memories. Especially the enchiladas and letting me drive your Chevy when I was still years from getting my drivers license. Your house was always my favorite place to visit. Thanks for being the best Godmother a kid could have. Love, Doug*
