“ *For many years I was the CEO of the Food Bank of Oakland County prior to its merger with Gleaners. During that time, Bob was one of the most dedicated Board people, always recording and typing the Minutes perfectly. I never once suggested that that role be taken from him as no one could ever come close to his dedication to the task. He took me to breakfast a couple of times in Royal Oak during a rough patch and he always ensured me that things would work toward the side of good...and they did. He was warm, encouraging, and excellent. I loved him. Helen Kozlowski-Hicks*
