“ Eric I just heard the sad news from Jerry Ruedisueli. I'm sorry to hear about your Dad. I did enjoy working with him at BTS. I always smile when I think of how he would rub his face as he pondered one of my dumb questions. I wish I had found out earlier; I would have made a point to visit the funeral home. I hope you and your family are doing well and continue to do so despite your loss. Take care.

“ My thoughts and prayers go out to June and the family, may God comfort you all at this time for your loss. I've known Bob since our Planet Corp days in Troy, then Bloomfield, and was glad to join up with him again at Automatic Systems. Bob was a great teacher to those who were smart enough to learn from him. I consider myself lucky to have had him as a friend. Rest in peace Bob. Sorry I didn't get back to visit one more time.

“ My condolences to Bob's family. I worked with Bob for several years and he taught me a lot. Bob was very clever and he was usually given the task to work out tricky little details and concepts. As a checker, Bob was without equal. I recall an audit of checked drawings and with 2000 detail drawings audited, less than 10 had mistakes that Bob had missed when he checked them. Of those 10 drawings, there were no mistakes of any consequence. Mostly spelling or typos. The accuracy of Bobs work was outstanding.
