“ *I remember Robyn starting to suffer from cancer just as I was getting through it. She had such an inspirational spirit about her, as if she was "just getting through life". Her constant smile and attitude would never let you know that she was ever going through anything. I was in awe of her presence and was humbled by her never ending fight. I will always remember Robyn for that.*

“ I have known the Lawson family for many years and over those years have watched Robyn grow into the beautiful, confident and courageous woman that were loved by so many. She showed us all while going through this fight with a terrible disease how to live life, never give up and you can see that in each and every picture that her friends and family have posted over the past couple weeks. It was a privelage to know her. May she rest in peace along side her dad. My thoughts and continuous prayers are with her family and friends and all who love her.
