“ ORANJESTAD, Aruba - Felix rapidly strengthened into a dangerous Category 5 hurricane and churned through the Caribbean Sea on a path toward Central America, where forecasters said it could make landfall as a potentially catastrophic storm. Felix was packing winds of up to 165 mph as it headed west, according to the U.S. National Hurricane Center. It was projected to skirt Honduras' coastline on Tuesday before slamming into Belize on Wednesday. "As it stands, we're still thinking that it will be a potentially catastrophic system in the early portions of this week, Tuesday evening, possibly affecting Honduras and then toward the coast of Belize," said Dave Roberts, a hurricane specialist at the center in Miami.

“ Rodney was, like many of us, a 1963 graduate of Notre Dame High. He was at my 1966 bachelors party. Rodney was "OLD SCHOOL" who valued honesty, friendship & loyalty above all. He always had both mention & praise for his spouse, Patty. He never complained, or said unkind things about another. His memory does reinforce the better qualities we'd like to have. He was by example, a leader. He recalled a wonderful time in Santa Barbara. His passing leaves a deficiency in our spirit. Our prayers are with him & for the family. Thanks Rod. Lynn C. N.D., Harper Woods, 1963.
