“ Roy was my brother in law. He married my sister Dot in December of 1963. He loved to fish and shoot his guns. He and Dot took many trips to visit family in Mississippi. He loved being outside just to be outside. Hope they have good fishing holes in Heaven so he can fish. Rest now and fish on. Love you.

“ Buzz was my older cousin that I always looked up to.

He built a great 8 foot hydroplane in the basement. He got married before he could get the Mercury 10 Horsepower Hurricane with the Quicksilver lower racing unit. My brother bought the boat from Buzz but he couldn't find a good motor. I bought it from my brother and I found the 10 horse Hurricane with the racing lower unit. That boat that Buzz built literally flew out of the water on takeoff.

I remember when Buzz met the love of his life, Dot, he instructed my brother and I not to share any stories about snakes or frogs or anything like that in front of her.

Buzz had influence in my life. He was a good role model.
