KS

“ Roy will always be a part of our Portage Lake memories. Often, when something needed fixing or we had a related question, someone would say, "I bet Roy would know," and off we'd go to tap his expertise in one of many areas. He was the kind of person who was willing to help - and he never said "No." It's hard to imagine summertime without him at the lake. We will remember him with great fondness. God bless you all, Ken and Betty Dryer Marty and Diana Stadtmiller
