“ To the Haywood family, Our deepest sympathy!!!! I know this is a very difficult time for all of you and if there is anything we can do for you please don't hesitate to call! All of us have lost loved ones and know that it takes time to accept our loved ones are no longer with us on earth but are in heaven with our father and one day we will all be reunited with them. There never seems to be any answers why God chooses certain people to be called home early but we must keep the faith that he loves all of us and we will have to wait until judgement day to understand why. It is not the person that God has taken that is suffering now, it is the loved ones left behind, please remember that the pain and grief you feel will get easier in time and you will have all the wonderful memories that will always remain in your thoughts and hearts forever!!

“ Ray, There are not enough words or tears to express the sadness of your passing. The only comfort is that your are out of pain and with God and family in friends in heaven! Your were truely a fighter to the very end! I will always remember our times at treatment together and you will always be with me when I go to Dr. Fata's offiice, I will continue to fight too! I want you to know I will take very good care of your baby "Ruby Ann" and I will always be there for Jean, Tina and Crystal. You are truely an inspiration to all of us, you will be truely missed but never forgotten!!!!!! God Bless you!

“ My Thoughts and prayers are with you in the loss of someone so special. GOD didn't promise days without pain, laughter without sorrow, sun without rain, ,but he did promise strenght for the day, comfort for thr tears, and light for the way.
