“ Not knowing Mrs. Nimmoor personally, I have been friends with her son George for 30 years. Meeting George as my Manager while in the U.S. Customs Service and then remaining close friends, I am sure his mom would be quite proud how her son remained of the highest integrity and always striving to reach out to those in time of need to provide love and support. I am confident George got these traits from his parents and I know all will miss her greatly.

“ Sadie's Christmas cards were always the first to come for the past thirty years.. We knew we were close to Christmas when we got her card. We knew Sadie mainly through her wonderful son, George. He shared his memories of Sadie and described what a wonderful loving mother she was. Sadie was a spiritually devote person and I am sure she is basking in God's peace in heaven. Rest In Peace.

“ MOM, I can't tell you how much we miss you. Vicki feels like she lost her mom all over again. You were the epitome of Unconditional Love, Mitch and I were so fortunate to feel it from the first day of our lives, and you taught us to give it. I know that you are in Heaven sharing God's garden with Mitch and Dad. We love you Mom. Until we are together again, George and Vicki

“ *I had the honor of being her care giver for 8 years. My sister stayed with her over night and I did the day shift.. She treated us like her own family and she was family to us. Fly high with the angels Dear Sadie for you will always be in our hearts. We will always love you to the moon and back.*

*Love to the best second MOTHER to have in this world
