“ Pat and Mike, where do I begin? Your family has been a part of my life since the day I was born. "Molly" as I called your mom, was such an inspiration to me as I was growing up. She taught me, among other things, how to swim and dive. We always laughed later in life about how she used to smack my legs to make me "straighten up" before I left your dock to dive in the water. Jimmy also has fond memories of Molly. One of his favorites is when she would hear his barge coming down the river and she would come running outside and yell "Jimmy's coming, Gail," and then we Mom and I would come outside and we were all waving and yelling, "Hi, Jimmy". She was an extremely influential and important part of my life. One year I even gave her a Mother's Day card and told her she was my "Second Mom". And I meant it. She was truly a beautiful woman, inside and out. Especially the twinkle in her eyes when she laughed, and the love in her heart. I will miss her very much.
