“ *Diane and Family... My prayers are with you during this difficult time. Having lost my Dad at the young age of 65, I know the hole that is leaves in your heart. Just hang onto the memories and cherish the time spent creating them. Wishing you, your Mom and brothers much love and peace in the days and years to come. Love- Wendy*

“ *Pat, Diane, Bill & John I'm not sure words can express my feelings for you at this time. Whenever I was at home, at someone's house for a gathering, I always remember how Sam would come into a room, while I was talking to someone, and just sit and listen. I've thought alot about that since hearing of his passing, thinking how he didn't say too much, not really joining in the conversation, but knowing he was certainly a part of it, just by being there listening. I will truly miss seeing that constant smile of his. I am so truly, truly sorry for your loss. Carol tells me he is not suffering anymore. I only hope that time will lessen your grief. With much love to all of you and your families...Kelly xoxoxoxo*

“Dad, I will always remember you and what you taught me - not only by your words but your actions. Treat everyone fairly and with respect, and expect the same in return. Although you came from little means as a child, you lived to be the most generous man I know. I will keep your memory alive by passing this onto my boys - your grandsons Vincenzo and Nathan. Thank you Dad, I will always love you. - Johnny

“Pat, John, Diane and Bill, It has been a long time since we have seen each other, but we fondly remember growing up next store to a sweet family with a very loving mother and father. We know you have experienced a profound loss in your family and words don't do much to ease the pain. Sal is in a better place and you all have an angel looking after you. Our hearts goes out to your entire family during this difficult time. Please take care of each other. The Thomas Family of Waiteley Drive. Betty, Larry, Mary, Diane and Chuck

“ I worked for many years with Sal at the GM Advanced Engineering Staff shop. He was a great mentor and a good friend. He taught me alot about machining and fabricating and how to cope with life at GM. My thanks to his son John, who brought Sal to our baseball game a few months ago. Sal and I were able to reminisce about the "good old days" at GM. My thoughts and sympathy go out to his family and friends.
