“ *17 years Sam and I still think about you, especially in the fall. If anyone would ask for me to describe you I'd say you were one of the kindest, happiest people I knew. You'd wake us up early some mornings, which was annoying, but quickly forgiven when you'd hand us a plate of pancakes with a big smile on your face. I wish you could have had the opportunity to keep shining your light on the world. Miss you and love you always.*

“ I was shocked and saddened by the news of Sam's death. There were 1000's of people at EuroJam but Sam stood out as one who was always smiling and chatting to people, making them feel at ease. He took on the challenge of Starburst and through his comittment and motivation a difference was made to a part of the UK.

“ Sam was one of the persons that made my eurojam a special one, that's cause he was a special person. When you ran in to him late at night or early in the morning, when we were waiting for the last busses to part, there was always a smile and a friendly word for everyone. He will be greatly missed by many.

“ I am deeply shocked. I worked with Sam at Eurojam Scout Jamboree 2005 in the UK within the Starburst Team. I found him to be a lovely guy professional and really committed to life, Scouting and people. I am sure as a team we will want pass our respects but personally wanted to say how much I will miss him. I dropped him off at the Chelmsford Station at the end of EuroJam and said 'see you in two years' I was really sad to hear this news

“ Sam I met you at the recent EuroJam in the UK. You were one of my helpers I could rely on on a huge challenging conservation project. I dumped extra busses of Scouts on you at 2 minutes notice & you didn't bat an eyelid. You always had a smile on your face and looked like you were having the time of your life.
