“ Our deepest sympathy to Joanne and the related family of Sherm Judson. Sherm was my first boss at UMS GM and continued to be a long time friend and golf partner. My wife Pat, also worked for Sherm at UMS GM.... Pat & Jack Thoresen

“ Dear Grandfather, Thank you for all you gave, being there when I was a youngster to take me golfing and sharing your life stories with me. Thank you for your work ethic which provided me with a college education and an opportunity to travel and grow. You taught me what it means to be good neighbor, shovelling snow for others, and maintaining relationships through the decades...The laughter you had with your friends has become a part of my life...a most valuable part...I will miss your sense of humor and your sweet presence...

“ Grandpa, I love you more than you could ever know. You were always like a movie star to me... A tall, classy guy who loved the game of golf and spending time with wonderful friends. I remember feeding the birds and refilling the birdbath with you in the backyard. Driving with you through Royal Oak and out in Durand and Gaines, listening to you tell us stories of growing up and who lived where... Wondering what it must have been like to fight in WWII and see everthing you saw... You will be with me always, everywhere I go. I love you. Elizabeth
